

Haiku is a beautiful form of Japanese poetry consisting of seventeen syllables: Five syllables in the first line, seven syllables in the second line, and five in the third line. Write your own haiku with a roll of the Haikubes.

#### HAIKUBES INSTRUCTIONS

1. Roll all the Haikubes.
2. The words on the two colored cubes set the direction and theme for your haiku.
3. Use the rest of the Haikubes to write your poem of five, seven, and five syllables.
4. Display your haiku face up as the top layer of cubes in the box, using blank sides to complete the layer.

5. The next time you're feeling poetic, roll and write another haiku!
