

HOW TO PLAY! WINE WARS

WINE WARS CELLAR RULES

For 2 to 6 players or teams

OBJECT OF THE GAME To fill a game board with tokens collected for correctly answering questions in each of five categories: Vine to Vino, Grapeosphere, Wine Cellar, Wine and Food, and Cork Culture. To win, a player (or team) must be the first to fill in all the spaces on the game board.

TASTING TOOLS 6 game boards, 150 trivia cards, 1 color die, 90 scoring tokens, 1 categories card, 1 wine map

POPPING THE CORK Each player or team gets one game board. Each player or team rolls the die; the first player or team to roll purple goes first.

IMBIBING (Whether game is played by individual players or teams, the same rules apply.)

On your first turn, roll the die. The colors on the die correspond to the categories on the trivia cards—except for the die side colored gray. When gray is rolled, the player or team gets to choose the category of their choice!

Another player or team draws the first card from the box and reads the question from the corresponding category. Answers are on the opposite side of each card. If you answer your first question correctly, place a scoring token on the corresponding category on your game board and roll the die for another turn.

If you answer incorrectly, play passes to the player or team on your left. When done with the question, place the card in the back of the box, behind the other cards.

WINE ETIQUETTE Players will agree on how long a person has to answer a question and how specific the answer must be. Players will also agree if the wine map may be used during play (some answers may be found there).

WINNING WINE WARS To win, a player or team must be the first to fill the game board with three tokens in each category.

FINE POINTS If you roll a color for a category that has been closed out (three questions answered correctly), you must still answer that question before rolling again.

JUST A SIP For a shorter version of the game, players or teams need collect only one (or two) scoring tokens per category to win.

THE CATEGORIES

VINE TO VINO Growing grapes, making wine, and world production

GRAPEOSPHERE Grape varieties, their wines, and their geography

WINE CELLAR Selecting, storing, and tasting wine

WINE AND FOOD Cooking with wine, food and wine pairing, and wine service

CORK CULTURE Wine people, business, arts and sciences, and trivia
